MTU 28	Triangle	75x75cm
MTU 38	Triangle	90x90cm

—— Key Features

ↄ An integral rotating bridge plate neatly concealed within the frame

ↄ Bridge tops can be used to connect two tables

ↄ The bridge top requires less storage space and reduces number of table legs

ↄ A multi-function clip can be used to secure and support a modesty panel, to link tables together and supports power cables as a 'cable tidy'

ↄ Adjustable feet up to 25mm

—— Options

ↄ Modesty panels are available for the front and side of the table

ↄ Castors (2 per table) can be fitted allowing for easy movement

ↄ Anodised or power coated leg

ↄ Cable Port – 80mm diameter port can be fitted centred to long edge

ↄ Power module available to suit different countries' requirements

Please note, tables will be supplied flat packed; fitting of legs required unless specified otherwise. The only tool needed is a 4mm allen key which is supplied.
