# 360 Divide

Featuring SmartRocks® soft seating

## Practicality and design come full circle

Designed by David Hill for casual seating spaces to block off areas and add an element of privacy, 360 Divide brings playful design and practicality together. With 4 shapes to choose from, as the name suggests, this multi-use screen spins a full 360 degrees on its elliptical steel base and central axis.

The structural wooden skeleton is clad with foam to aid in noise reduction giving a soft touch to the screen, whilst the option of dual fabrics come together in a frameless design.

With a wide choice of fabrics and base finishes, you can customise your 360 Divide to suit your space.

Available in plain fabrics only, excludes leather and vinyl.

— D360/1

Weight  
 Panel 15.5kg  
 Base 14.5kg  
 Total 30kg

— D360/2

Weight  
 Panel 15.5kg  
 Base 14.5kg  
 Total 30kg

— D360/3

Weight  
 Panel 15.5kg  
 Base 14.5kg  
 Total 30kg
