

Evosa High Stool

Featuring the Evosa High Stool 08/12H High Back
Upholstered with the Trans-Pose® MDS.51 High Table

Elevate your seating to new heights of style

An exciting addition to the Evosa range, the Evosa High Stool adds height and sophistication to your space. Available with a high or low back, its minimalistic design is finished in striking chrome as standard, but the option of any solid paint colour or trend-led industrial finish gives you flexibility to match your aesthetic.

The Evosa High Stool's upholstered, stitch-ribbed seat gives a modern look, whilst the slim steel frame retains integral strength, giving you peace of mind that it will stand the test of time.

Pair with our Trans-Pose® table for a stylish break out space, or mix and match with the Evosa range and low tables to add visual interest and multiple zones in casual work areas.
