

Portable Dance Floor

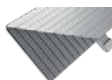

Burgess Dance Floor is designed to be in-keeping with newer style function suites. This product is for indoor use and incorporates a luxury Kardean™ commercial grade vinyl surface finish, available in four different colour options which replicate the colour textures and tones of natural wood.

Panels are constructed with aluminium locking lugs, battens and frame into which a co-extruded base is secured, along with your choice of Kardean™ colour finish. The sleek 108mm (4") sloped aluminium edge is anodised in a choice of either silver or black, helping resist against scratching as well as complimenting the dance floors overall look and feel.

At just 27mm high and comprising of two panel sizes, 864mm x 864mm (full panel) and 864mm x 431mm (half panel), full panels weigh 11kg with half panels weighing 5.5kg making them lightweight and easy to handle.

A purpose made storage trolley is available, designed to fit through a single width door way which can hold up to a 4.57m x 4.57m (15' x 15') dance floor in its entirety.

FINISHES Kardean™ Vinyl	 Auckland Oak	 Smoked Oak	 Walnut	 Ebony
EDGING Available 108mm (4")	 Natural Anodised Aluminium	 Black Anodised Aluminium		

Features – Benefits

- No screws or tools – quick and easy set up
- Ribbed battens on rear of panels – aids grip on carpets
- Low profile and sloped edging – reduced trip hazard/wheelchair friendly
- Anodised edging – better aesthetics and durability
- High quality commercial grade Karndean™ vinyl surface – durability
- 3 year warranty on manufacture, labour and materials – peace of mind
- Slim line trolley – fits through standard single width doorways
- One trolley stores a complete 4.57m x 4.57m (15' x 15') floor – compact/space saving
- Edging storage tray in trolley – ease of access to edging
- Fully powder coated trolleys – offers a harder, more durable finish
- For indoor use only
