

# ComfortFlex

## Flexible design with Allday™ comfort

The ComfortFlex range uses a Burgess designed hinge that allows the back to flex with your body movement. This innovative combination of ergonomics provides hours of comfortable support, ideal for meetings and conferences. Models feature our Allday™ Comfort-Plus webbed seats, dished backs for excellent lumbar support and frame tubing from the Siena-Allday™ range.

This elegant collection is an ideal choice for conference, dining and more. All models can be staked 10 high.
